DELFIN III CRUISE ON THE AMAZON RIVER

B Breakfast **BL** Box lunch **L** Lunch **D** Dinner

4D/3N * (every Saturday)

1st day | Saturday | **BL** **D**

High water season (Nov/May)

Arrive to the Amazon city of Iquitos: Our crew will be expecting your arrival at the airport, then transfer all together in our comfortable private vehicle. We will start you off with a lunchbox as we begin the journey to Nauta.

Arrive to Nauta port: Nauta is a small riverside town on the banks of the Marañón River and was the first city founded in the department of Loreto. Once we reach Nauta, you will enjoy a VIP greeting at our private port along the shores of the Marañón River where the vessel awaits you.

Embarkation: Aboard Delfin, you will be served by our qualified staff who will introduce you to your exquisite and cozy suite, specially equipped with all the amenities for the experienced traveler as yourself. Orthopedic beds, pure cotton sheets, pillows of 100% pure natural latex, cotton bathrobes, air conditioning, and private bathroom with Spanish style hot water showers are all framed with a spacious private terrace we are sure you will enjoy to the fullest.

Orientation: While the Delfin begins its initial navigation, you will enjoy the most fantastic panoramic views from the elegantly outfitted observation area located on our third deck. Your naturalist guide will give you an overview of your journey's schedule, activities, route, highlights, wildlife and vegetation to keep your eye out for, geographical and historical background, and other useful details.

Night Safari: We head down into the Marañón River, this lovely spot is an ideal place to spend some time in search of birds and playful monkeys. As your naturalist guide spots various creatures for you, the landscape adorned by the usual colors of the sun's reflections is a great photo opportunity as you witness your first Amazon Rainforest Sunset. At night, the biodiversity of the jungle totally changes. You will search for alligators, bats and more nocturnal creatures that are so interesting and unique as daytime.

Low water season (Jun/Oct)

Arrive to the Amazon city of Iquitos: Our crew will be expecting your arrival at the airport, then transfer all together in our comfortable private vehicle. We will start you off with a lunchbox as we begin the journey to Nauta.

Arrive to Nauta port: Nauta is a small riverside town on the banks of the Marañón River and was the first city founded in the department of Loreto. Once we reach Nauta, you will enjoy a VIP greeting at our private port along the shores of the Marañón River where the vessel awaits you.

Legendary PERU

Your naturalist guide will give you an overview of your journey's schedule, activities, route, highlights, wildlife and vegetation to keep your eye out for, geographical and historical background, and other useful details.

Marañón River: We head down into the Marañón River to a location known as Pahuachiro. This lovely spot is an ideal place to spend some time in search of birds and playful monkeys. As your naturalist guide spots various creatures for you, the landscape adorned by the usual colors of the sun's reflections is a great photo opportunity as you witness your first Amazon Rainforest Sunset.

2nd day | Sunday | **B L D**

High water season (Nov/May)

Iquitos Caño: On your first morning with us, we recommend getting up early to appreciate one of the most important zones of the Pacaya Samiria National Reserve. Never does nature seem more bountiful than in the tropics, and early rising is always rewarding since wildlife is most abundant and active with the rising of the sun. The early morning hours are the best time of day to watch birds, observe their special displays and listen to their songs. We will jump on the skiffs and head to this area with large trees and old palm trees as well, these components favor the presence of several parrot species. This particular spot also has a great number of other birds of different species. We will look for the famous hoatzins nesting a few feet above water, and perhaps a sloth or two of the three toed kinds.

Amazon Natural Park: This very unique opportunity, you will get to the only Canopy Walkway in this area, an experience unequaled in the rainforest! At a height of over 25 meters (85 feet) and extending for 500 meters (one-third of a mile), the Canopy Walkway provides a view of the rainforest from the treetops, the best vantage point for observing Amazon wildlife and vegetation. The Canopy Walkway is accessible to all and requires no special skills or equipment. The suspended walkway is spread between 14 of the area's largest rainforest trees and is one of the longest canopy walkways in the world. You will enjoy "Terra Firma" forest.

You will have the opportunity to get to know Carola. She is a spiritual caretaker and healer to literally hundreds of jungle dwellers spread over many roadless miles. Her prestige and position are beyond reproach. The role of shaman is often misunderstood in the west, associated with black magic, and spells. While these things all have their place, the actual practitioners are as varied as in any profession. Carola is known as a "White" shaman, a healer and spiritual guide.

Yanayacu-Pucate: You will start cruising through the Yanayacu and Pucate Rivers, peeking into different creeks and lagoons. This is one of the best preserved and protected zones of the Pacaya Samiria National Reserve. If you want to interact directly with the waters of the Amazon, go out on one of our kayaks. You will even have the opportunity to fish the famous piranhas!

After dinner, you will enjoy a night walk Trail.

Yanayacu-Pucate: You will start cruising through the Yanayacu and Pucate Rivers, peeking into different creeks and lagoons. This is one of the best preserved and protected zones of the Pacaya Samiria National Reserve. Your guide will use his expert eye to pinpoint all the biodiversity of this region. If you want to interact directly with the waters of the Amazon, go out on one of our kayaks or paddle boards. You will even have the opportunity to spot the famous pink dolphins!

After dinner, you will enjoy a night safari on Nauta Caño.

3rd day | Monday | B L D

High water season (Nov/May)

Nauta Caño: Nauta Caño Creek is known for squirrel and silver back tamarillo monkeys, birds, dolphins, and even sloths! We will skim the riverbanks for small caimans and spiders, as well as insects of all colors, shapes and sizes.

Fundo Casual: The walk at Fundo Casual jungle trail will take you deep into the rainforest on terra firme (non-flooded forest) where your guide will point out the dynamic creatures and vegetation of the Amazon. Be sure to keep an attentive eye open for spotting surprises! It is almost unbelievable how with every step you find something along the way. Almost definitely Anaconda, Rainbow Boas, Tarantulas, Poison Frogs, and most recently porcupines have been spotted. This is one of the very few places in the Pacaya Samiria National Reserve Amazon Rainforest where you will spot the ever so elusive 2-toed sloth.

Confluence: On board our skiffs, you will visit a community to meet local villagers who have called Amazonia their home for generations. You may step into a typical schoolhouse where the children will be very happy to have visitors, and then stop by an area to see the women of this community who have a most amazing arts & craft market. Better known as the "Unión de los Ríos" we will toast and witness the distinguished colors of the 3 rivers. It is known that the Ucayali River, which in turn confluences with the Marañón River upstream of Iquitos, Peru, to form what countries other than Brazil consider to be the main stem of the Amazon River.

Low water season (Jun/Oct)

Nauta Caño: Nauta Caño Creek is known for squirrel and silver back tamarillo monkeys, birds, dolphins, and even sloths! We will skim the riverbanks for small caimans and spiders, as well as insects of all colors, shapes and sizes. We will take advantage of the calm waters to fish the famous piranha and learn more about this curious fish. On your visit to this community, we will be welcomed by smiling faces and friendly people. Around the community, people who are happy to show you the process of peeling and grating cassava, while another may invite you in for a look at the tools, he uses to process the rice (grown locally). A day in the life of a local ribereño is eye-opening to how far we have come in this day and age and a reflection of how simple yet rewarding life is for others.

Fundo Casual: The walk at Fundo Casual jungle trail will take you deep into the rainforest on terra firme (non-flooded forest) where your guide will point out the dynamic creatures and vegetation of the Amazon. Be sure to keep an attentive eye open for spotting surprises! It is almost unbelievable how with every step you find something along the way. Legendary PERU

4th day | Tuesday | **B**

High water season (Nov/May) or low water season (Jun/Oct)

Disembarkation: With heavy hearts, the staff will wish you farewell as you begin your departure. At the port of Nauta, our ground crew will be waiting to take you by our private vehicle back to the city of Iquitos, about 95 kilometers journey by paved road. **Amazon Forever:** On our way from Nauta back to Iquitos airport, you will visit the Rescue & Rehabilitation Center of River Mammals (Amazon Forever) where you will have the chance to meet baby manatees and learn about these wonderful and docile creatures and why they are on the endangered species list. As well, there are also some other animals cared for by the center that have been rescued from capture for the intention of being turned into pets and other threatening conditions. We welcome you to donate to this ambitious organization and education center as you wish. Our land personnel will wait for you at the airport and give your boarding passes and help you check in. **Airport departure:** Our staff will be on hand to help you with your luggage and check in at Crnl. FAP Francisco Secada Vignetta International Airport in Iquitos. The return flight will take you directly to the city of Lima, the capital of Peru. At the security gate, your guide and Delfin crew will say goodbye. We truly hope that you enjoyed your stay and Amazon travel experience with us!

** Note: All itineraries are subject to change, due to weather and other conditions.*

2nd day | Wednesday | B L D

High water season (Nov/May)

Yanallpa: Here in the Amazon Rainforest, we can have dry mornings with beautiful sunrises. This is all we need to have a successful pre-breakfast exploration of the forest! The early morning hours are the best time of day to watch birds, observe their special displays and listen to their songs. We will jump on the skiffs and head to the shores of the Ucayali River. This area is green with large trees and old palm trees as well, and these components favor the presence of several parrot species. This particular spot also has a great number of other birds of different species. Perhaps spot a large flock of red-bellied macaws, as well different types of raptors, woodpeckers and swallows. If you are very lucky you will hear loud and distinctive sounds of blue and yellow macaws!

Dorado River: We will look for the famous hoatzins nesting a few feet above water, and perhaps a sloth or two of the three toed kind. The Dorado River can also be home to troops of brown capuchin monkeys mixed up with squirrel monkeys. As the sunsets our aim will be looking for black and white caiman, fishing bats, and Noisy Nights Monkeys where you will encounter a whole new world of adventure.

After dinner, join us on a movie night at the indoor lounge.

Low water season (Jun/Oct)

Samiria River: We will look for the famous hoatzins nesting a few feet above water, and perhaps a sloth or two of the three toed kinds. The Samiria River can also be home to troops of brown capuchin monkeys mixed up with squirrel monkeys. As the sunsets our aim will be looking for black and white caiman, fishing bats, and Noisy Nights Monkeys where you will encounter a whole new world of adventure.

Our skiffs skim the Samiria River and its tributaries, where an abundance of wildlife hides in the deep rainforest, such as blue and yellow macaws, scarlet macaws, toucans, umbrella birds, monkeys, and river others, capybaras and more. Our naturalists and his expert eye pinpoint all the biodiversity of this region. This is also a popular dolphin feeding spot so we won't be the only one enjoying the plethora of fish below.

Amazon Natural Park: You will have the opportunity to have a natural walk to learn about medicinal plants. The Peruvian Amazon region is considered the largest pharmaceutical reserve in the world with 965 species of wild plants and 59 cultivated plant species that local people use to cure and to prevent many illnesses. You will see that "Terra Firma" forest of a local ribereño is eye-opening to how far we have come in this day and age and a reflection of how simple yet rewarding life is for others.

Legendary PERU

3rd day | Thursday | B L D

High water season (Nov/May)

Pacaya River: The Pacaya River at the very heart of the Pacaya Samiria National Reserve, Peru's largest protected area with a mean annual rainfall of nearly 3,000 millimeters, by far the largest protected wetland reserve in the world. Filled with lakes, palm swamps, and streams, the reserve becomes a flooded forest in the rainy season and is sure to be one of the most beautiful places you will ever visit. You will also have the chance to explore one of the pristine Amazon lagoons in this wonderful region!

Low water season (Jun/Oct)

Yanayacu-Pucate: You will start cruising through the Yanayacu and Pucate Rivers, peeking into different creeks and lagoons. This is one of the best preserved and protected zones of the Pacaya Samiria National Reserve. Your guide will use his expert eye to pinpoint all the biodiversity of this region. If you want to interact directly with the waters of the Amazon, go out on one of our kayaks or paddle boards. You will even have the opportunity to see the famous pink dolphins!

On your visit to this community, we will be welcomed by smiling faces and friendly people. This is one of the very few places in the Pacaya Samiria National Reserve Amazon Rainforest where you will spot the ever so elusive 2-toed sloth.

4th day | Friday | B L D

High water season (Nov/May)

Yarapa River: Along the Yarapa River, you will get to explore this tributary intimately. Listen closely for the sounds from within the mysterious jungle. We travel down river to this wide creek that leads to an attractive hidden lagoon. As we absorb the beauty of the landscape, we will have the chance to reflect on the wildlife. Hawks, terns, herons and monkeys which are part of our everyday excursions are readily close by; in this area we will notice many more inhabitants of the Amazon, the ribereños. People being an important part of this complex bionetwork only reinforce the fact that we are part of their lives and how our presence here and now could make a difference to the future of this magical land of the Incas. Look out for specific types of Monkeys like the pygmy marmoset, squirrel monkey, and our first Monk Saki. This medium-sized monkey with the thick fur and bushy tail looks more like he is dressed for the Arctic than the Amazon.

On board our skiffs, you will visit a community to meet local villagers who have called Amazonia their home for generations.
